COMPANY OVERVIEW

Our client is one of the largest manufacturers of interconnect products in the world.

JOB RESPONSIBILITIES

- Responsible for overseeing all operations of the assembly production line.
- Ensure product quality meets company and customer standards.
- Manage, assign, and supervise production line workers to ensure smooth operation.
- Manage and inspect automatic machines and equipment at the beginning of each production shift.
- Report production status, handle issues, and propose process improvements when necessary.

JOB REQUIREMENTS

- +3 years of experience in production management.
- Proactive and highly responsible at work.
- Strong team leadership and management skills.
- Able to work under high production pressure.
- Willing to work in shifts.

BENEFITS

- Competitive salary with performance-based incentives
- Comprehensive health, dental, vision, and travel insurance coverage
- Company pension plan and health care spending account
- Supportive and collaborative international working environment
- Opportunities for professional growth and skill development
- Engaging company culture with regular social events like BBQs, holiday parties, and prize draws
