募集要項

This role oversees full-cycle accounting operations, ensuring accuracy and compliance across receivables, payables, inventory, and financial reporting. It requires strong reconciliation, analytical, and communication skills to support continuous improvement.

Client Details

This global healthcare technology company is dedicated to advancing wellness through innovative diagnostic and surgical solutions. With a strong presence across multiple continents, it is recognized for its commitment to early detection and minimally invasive treatments. The organization fosters a collaborative and inclusive culture, encouraging professional growth and cross-functional teamwork. Its Japan operations support nationwide healthcare delivery through advanced medical technologies.

Description

- Manage accounts receivable including collections and credit control
- Oversee accounts payable and expense processing using internal systems
- Conduct inventory analysis and manage reserves and logistics costs
- Handle fixed asset accounting and tax filings under multiple standards

- Reconcile cash transactions and manage related documentation
- Support monthly and annual financial closings and reporting

Job Offer

- Competitive base salary with annual incentive bonus
- Hybrid work model (3 days/week WFH)
- Flextime system
- Defined contribution pension plan and annual health check support

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Karisa Djohan on +81 3 6832 8605.

スキル・資格

- 3+ years of accounting experience
- High proficiency in English and Japanese (spoken and written)
- Strong Excel skills
- University degree or higher
- Ability to solve problems independently and manage time effectively
- Adaptability and a proactive learning mindset
