募集要項

Company and Job Overview

A construction company based in Damansara is currently hiring a **Project Manager** to lead and oversee civil engineering and construction projects, with a strong emphasis on the high rise development.

Job Responsibilities

- Lead, plan, and manage all civil works activities for assigned projects.
- Oversee construction progress to ensure timely and cost-effective delivery.
- Supervise site engineers, supervisors, contractors, and consultants to ensure compliance with design, specifications, and quality standards.
- Provide leadership in high-rise construction projects, ensuring structural integrity, safety, and adherence to project milestones.

- Enforce compliance with occupational health, safety, and environmental regulations.
- Conduct site inspections, resolve technical issues, and implement corrective measures.
- Manage project budgets, monitor expenditures, and control resource allocation.
- Liaise with clients, consultants, and government authorities, preparing reports and progress updates.
- Mitigate project risks and ensure smooth handover of completed works.

Job Requirements

- Bachelor's Degree in Civil Engineering or related field (Master's degree preferred).
- Minimum 10 years of working experience in civil engineering and construction management.
- Minimum 5 years of proven experience in high-rise construction projects (residential, commercial, or mixed-use).
- Strong technical knowledge of structural works, high-rise building systems, and local building codes.
- Possession of related construction certifications (e.g., CIDB Malaysia, PMP, PE, Safety & Health certifications, or equivalent) is required.
- Demonstrated ability to lead large project teams and manage multiple stakeholders.
- Excellent problem-solving, decision-making, and leadership skills.
