募集要項

A world leading sporting goods manufacturer is seeking a **SAP MM (P2P) Consultant** to join their User Support Management Team.

This role involves supporting business users across purchasing, factory production, and warehouse delivery operations through SAP P2P (MM) processes.

Responsibilities:

- Provide daily user support for SAP FMS and assist with the upcoming S/4HANA SCM implementation
- Handle user inquiries and coordinate issue resolution with ATB and related IT teams
- Support SAP processes related to purchasing, production, and logistics (PO → GR → Invoice)
- Communicate with overseas teams in English and Japanese (email and verbal)
- Track and document recurring issues and their resolutions
- Proactively identify and manage potential support issues to minimize business impact
- Escalate unresolved cases to Level 2/ Global support and ensure proper follow-up until closure

Why should you apply?

- This is a long-term opportunity with renewable contract
- You will be working with international team members driving SAP System Excellence.
- Learn new skills while working on a large-scale global project

Company Details:

This global leader in sportswear and performance footwear is recognized for its heritage of craftsmanship, innovation, and commitment to quality. The company focuses on enhancing physical and mental wellbeing through advanced sporting technology, sustainable practices, and digital innovation. With a strong international presence and collaborative culture, it offers a dynamic environment for professionals who value purpose-driven work and continuous improvement.

Services/Benefits: Social insurance, DC Pension Plan, Transportation Fee, Skillhouse University, Test payback system, and more

スキル・資格

- 3–5 years of hands-on experience in SAP P2P (MM)
- Good understanding of PO → Receiving → Invoice Posting process
- Experience in SAP user support or helpdesk operations
- SAP MM Certification; S/4HANA certification a strong plus
- User support experience requiring frequent communication with business users
- Ability to respond flexibly and manage changing priorities
