募集要項

Job Responsibilities: Responsibilities for this position include but are not limited to:

- Develop and implement an integrated communication strategy that supports the company's brand, marketing, and business objectives.

- Oversee the company's editorial governance framework, including tone, messaging, localization, and approval processes for all content

- Ensure alignment between global and local messaging initiatives, maintaining the integrity of doTERRA's brand voice and narrative across all content and channels

- Oversee the content pipeline from concept to delivery, ensuring timeliness, quality, and strategic alignment

- Lead and mentor a multidisciplinary team including copywriting, translation/editing, and content management specialists

- Set performance goals, provide feedback, and support the professional development of team members

- Oversee the creation and curation of all copy and written content produced by the team

- Approve key messaging frameworks, ensuring they align with corporate identity and target audience insights
 -
 - Oversee the CMS Specialist in managing and optimizing web content across the company's digital ecosystem
 -
 - Collaborate with IT, design, and the Brand Experience teams to maintain a seamless and engaging digital experience that aligns message, design, and user interaction.
 -
 - Ensure that all written and digital communication materials adhere to brand messaging guidelines, partnering with the Brand Experience Manager for visual consistency.
-

スキル・資格

- Bachelor's degree in communications, Marketing, Journalism, or a related field.
 -
 - 3+ years in a management or supervisory role leading content, editorial, or creative teams.
 -
