#### 募集要項

- **Strategic Planning:** Define project goals and scope by working closely with executives, business leaders, product managers, and technical teams.
- **Team Leadership:** Lead, mentor, and develop a team of project managers, fostering a high-performing and collaborative environment.

- **Execution & Delivery:** Oversee project execution, ensuring projects stay on schedule, within budget, and meet quality standards. Proactively manage risks and issues.
  - **Stakeholder Communication:** Serve as the main contact for executives, providing regular updates on project status, risks, and progress.
  - **Budget & Resource Management:** Develop and manage project budgets, tracking expenses and optimizing resource use.
  - **Quality Assurance:** Work with the QA team to ensure the Ichiba platform is thoroughly tested and meets all quality requirements.
  - **Launch Coordination:** Coordinate the successful launch of new features and platform enhancements.
  - **Process Improvement:** Identify and implement ways to improve project management processes and methods.
- 

#### スキル・資格

- 4-6+ years of experience in project or program management, with a significant focus on front-end + back-end platform development.
  - Knowledge of software development with modern technology
  - Strong Leadership skills
  - Excellence in Issues and Risk Management
  - Proven track record of successfully launching and managing large-scale, complex software development projects and programs.
  - Extensive experience with SDLC Waterfall
  - PMP or other relevant project management certification is required.
-
