募集要項

A global semiconductor company is looking for a Supply Chain professional. The selected candidate will manage end-to-end demand fulfillment and drive smooth supply operations. This is a hybrid role.

A leading global semiconductor company, it specialises in innovative solutions for power systems, automotive, and security applications, driving advancements in energy efficiency, mobility, and connectivity. With a strong presence in Japan, it delivers cutting-edge technologies that enhance performance and sustainability across various industries.

Keywords:

Job Ref: NUAYIB

Responsibilities:

- Manage end-to-end demand fulfillment with customers
- Serve as the first escalation point and resolve customer issues
- Oversee order processing and maintain data accuracy
- Analyse supply-demand gaps and recommend solutions
- Collaborate cross-functionally to address supply chain challenges
- Coordinate with logistics teams to support efficient delivery flow

Requirements:

- 1-3 years of work experience (preferably in Customer Supply Chain, Logistics, or Sales Operations)
- Proficient in MS Office Suite
- Knowledge with digital tools such as Macros, analytics platforms, AI, or other reporting tools
- Business level spoken English and Japanese

Preferred requirements:

- Experience in the Semiconductor Industry is not mandatory
- Prior experience in customer-facing roles

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
