募集要項

Lead a high-impact project to implement a payroll and labor management system integrating SAP SuccessFactors and Salesforce, driving efficiency in HR and billing processes.

Collaborate with global and domestic stakeholders in a bilingual environment, managing progress, risks, and vendor coordination for a transformative enterprise solution.

Client Details

The client is a global leader in workforce and business solutions, providing advanced services that support HR operations, payroll management, and compliance processes. They focus on technology-driven innovation, integrating systems to streamline employee management and enhance operational efficiency across multiple regions. Their approach emphasizes digital transformation and process optimization for large-scale enterprises.

Description

- Lead a payroll system integration project combining SAP SuccessFactors and Salesforce to streamline HR and billing processes.

- Manage project progress, risks, and resources, ensuring smooth delivery across multiple phases.
- Coordinate with global and domestic stakeholders in a bilingual environment (Japanese & English).
- Facilitate requirement definition workshops, review vendor proposals, and validate deliverables.
- Drive digital transformation by implementing innovative solutions for labor management and compliance.

Job Offer

- Almost full remote work after initial onboarding for flexibility and work-life balance.
- Competitive salary package aligned with experience and market standards.
- Global working environment, collaborating with international teams and stakeholders.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Riko Ichio +81366276091.

スキル・資格

- Proven experience as a Project Manager (2+ years) with strong delivery and leadership skills.
- Hands-on knowledge of SAP SuccessFactors or payroll systems, ensuring smooth integration and process optimization.
- Excellent bilingual communication skills (Japanese & English) for effective coordination with global and domestic stakeholders.
- Strong ability to manage schedules, costs, and risks, while driving requirement definition and vendor alignment.
- Proactive problem-solving and stakeholder management, ensuring project success in a dynamic environment.
