## 募集要項

This role supports the Finance team by maintaining management reporting systems, optimizing processes, and providing data-driven insights. It also involves close collaboration with IT to ensure smooth system operations and efficient problem-solving.

## Client Details

Our client is a well-established organization in the retail industry, known for its innovative approach to analytics. They are a medium-sized company with a focus on data-driven solutions to achieve business success and growth.

## Description

- Analyze financial data and provide actionable insights to support business decisions.
- Develop and maintain SQL queries to extract and manipulate data effectively.
- Collaborate with the Analytics team to create accurate financial reports.
- Support ad-hoc financial analysis and reporting needs.

**Job Offer**

- Opportunity to work in a well-established retail company.
- Engage in meaningful analytics work that directly impacts business decisions.
- Supportive work environment with collaboration opportunities.

If you are a skilled Financial Analyst with a passion for analytics and a desire to make an impact in the retail industry, we encourage you to apply today!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Serina Miyazono on +81 3 6627 6130.

---

**スキル・資格**

A successful Financial Analyst should have:

- Strong SQL skills for data extraction, manipulation, and analysis.
- Excellent analytical thinking and problem-solving ability.
- Ability to produce accurate, insight-driven financial reports with high attention to detail.
- Strong communication and collaboration skills.
