## 募集要項

An exciting opportunity to work with an expanding Swedish company based in Simpang Ampat as we are seeking an experienced and motivated **Quality Assurance Engineer** to join our dynamic Quality team.

## Job Descriptions

- Implementation, maintenance and compliance of internal and external (laws, regulations, guidance's, customer's and standard) requirements and procedures.
- Execute the experience and expertise in internal and external auditing techniques, strategies and approach for customer, certification body and regulatory requirements.
- Plan, schedule, coordinate, conduct till closure interfacing scheduled audit to assess compliance internally and externally with all customers, certification and regulatory bodies.
- Build up team competency and knowledge on quality system requirements.
- Collaborate in cross functional and across site to standardize Quality System policies and procedures.
- Compile and update quality metrics presentation for internal and external review.
- Assist Management Representative in related activities.

## Job Requirement

- Diploma or Bachelor's Degree in Manufacturing/Mechanical/Electronics Engineering or equivalent;
- Expertise and knowledge in Quality Management System for ISO9001, IATF16949, ISO13485, ISO14001 and

ISO45001.

- Knowledges in Process and System Validation is preferred;
- Proficiency in Microsoft Office.
- At least 3-5 years' Quality Assurance/System Management experience in Automotive/Medical Device.
