### 募集要項

Position: QAQC Manager

Salary: 50,000 - 60,000 THB

Location: Hi-tech Industrial Estate, Ayutthaya

#### Responsibilities:

- Oversee and manage quality issues, root cause analysis, and statistical process control (including Six Sigma and X-Bar control).
- Handle customer complaints, implement corrective actions, and ensure horizontal deployment of solutions across processes.
- Lead quality management activities with subcontractors and external suppliers.

- Conduct regular quality meetings and drive continuous improvement initiatives.
- Ensure compliance with industry standards and certifications, particularly IATF16949.

Qualifications:

- Experience in resin molding OR metal pressing OR assembly (manufacturing processes).
- Strong knowledge of quality problem-solving, statistical analysis, and process control methods. (statistical analysis is really essential skill) statistical analysis: including Six Sigma and X-Bar control.
- Working knowledge of IATF 16949 standards.
- Excellent leadership, communication, and problem-solving skills.
- Background in electrical products is highly preferred.
- Proven ability to manage supplier/subcontractor.
