### 募集要項

#### COMPANY OVERVIEW

Our client is a premier System Integrator, offering expert consultation and demonstrating a proven track record in the implementation and maintenance of Office/Home Automation solutions, Integrated Room Automation systems, Security Surveillance systems, and Voice and IP Telephony services for our clients.

We are currently looking for a Software Developer (dotnet) based in Singapore.

#### JOB RESPONSIBILITIES

- Participate in requirement gathering, design, and development processes
- Develop programming codes, identify, and resolve issues
- Contribute to system integration testing, user testing support, performance testing, etc.
- Produce specifications and user documentation for software applications

- Provide day-to-day support for major system applications
- Drive continuous improvement in processes and practices through new ideas, concepts, methods, and technologies.

#### JOB REQUIREMENTS

- Higher diploma or above in Computer Science, Computer Engineering, Information Technology, or related disciplines
- Experience in various software development projects
- Solid expertise in application design and development using ASP.Net, C#.Net, MS.Net, VB.Net, SQL Server, Oracle
- Good communication skills in English and Chinese for interaction with Head Office and overseas Chinese-speaking customers
- Preference given to candidates able to start work immediately or with short notice.

Work Location: Singapore
