募集要項

OVERVIEW

Our client in construction sector is looking for IT Staff/Helpdesk to support their construction project. The main responsibility will be supporting IT operation set-up on the site, maintain IT infrastructure, and handle troubleshooting from the users.

JOB RESPONSIBILITIES

- Provide IT help desk support for end users, including basic troubleshooting of hardware and software issues
- Perform PC kitting activities, including devices preparation, imaging software installation, and user readiness
- Manage and support Microsoft 365 access

- Set up and configure network connectivity and printers and site locations to ensure smooth daily operations
- Assist with IT site setup activities, including coordination for new office or project site readiness
- Document IT issues, solutions, and procedures to support continuous improvement of IT support processes

JOB REQUIREMENT

- Min. Bachelor's degree in any major
- Candidate should have experience working with Microsoft Office 365
- Candidate who has experience in construction or site project would be a plus
- Able to speak English
