募集要項

COMPANY OVERVIEW

A Malaysia based provider of engineering and medical technology solutions is seeking a **Service Engineer** to join the team. This role involves perform inspections, installation, troubleshooting, repairs, customer training, reporting, and ensure all service work complies with MOH, QMS, and company standards.

JOB RESPONSIBILITIES

- Perform inspections, installation, commissioning, and repairs on biomedical equipment.
- Troubleshoot and resolve technical issues within required timelines.
- Provide training to customers on equipment usage and basic maintenance.
- Prepare accurate service reports and update the Service CRM system.

- Ensure work complies with MOH regulations, QMS, and company standards.

JOB REQUIREMENTS

- Diploma/Degree in Biomedical, Medical Electronics, or related engineering fields.
- Minimum 2 years' experience in biomedical or electronic engineering.
- Able to work independently and perform well under pressure.
- Strong communication, interpersonal, and organizational skills.
- Technical aptitude with ability to read manuals/schematics, and willing to travel with own transport.
