募集要項

Qualifications:

- Bachelor's degree.
- Previous experience in HR, especially in internal staff training and developing HR-related systems.
- Japanese language proficiency at N2 level or above, with the ability to communicate professionally with staff at the Japan headquarters.

Key Responsibilities:

- Oversee and manage general HR operations within a manufacturing environment.
- Develop, implement, and monitor training and development programs to support employee capability building and career growth.
- Establish, improve, and manage HR systems covering labor relations, recruitment processes, and on-the-job training (OJT) frameworks.
- Collect and analyze employee feedback to drive organizational improvements, enhance workplace culture, and increase operational efficiency.
- Lead initiatives to modernize HR functions through systemization and digital transformation.
- Ensure all HR practices comply with labor laws, regulations, and internal company policies.
- Support talent development strategies and succession planning to align with long-term business goals.
