募集要項

COMPANY OVERVIEW

A German manufacturer specializing in measuring, control, inspection, and sorting systems for industrial production is now seeking for **Field Service Engineer**. This role involves installs, services, repairs, and supports measurement and control equipment while providing training, reporting, and customer care.

JOB RESPONSIBILITIES

- Install, repair, calibrate, and service measuring and control equipment at customer sites.
- Provide technical support, customer training, and after-sales assistance.
- Prepare service reports and quotes after completing tasks.
- Have strong technical background (electrical engineering/mechatronics), with bonus skills in PLCs, fieldbus systems, and good computer literacy.

JOB REQUIREMENTS

- Diploma/Degree in Engineering ((electrical engineering/mechatronics).
- Minimum 2-3 years of relevant experience.
- Strong leadership, communication, and problem-solving skills.
- Able to travel within Southeast Asia region.
- Be flexible, communicative, English-proficient, and able to travel, including an 8–10 weeks training in Germany.
