募集要項

■ Position

■ Position

Implementation Management / Project Management Support (Data Center Construction)

■ Company Overview

We provide advanced IT infrastructure and data center services to global clients, including project-based BPO and technical consulting.
You will be assigned to a major data center construction project.

■ Project Overview

This project involves the construction of tenant-specific data halls at a data center in Inzai, Chiba.
You will play a key role in managing requirements, coordinating with stakeholders, and driving the project forward.

■ Responsibilities

As a member of the Implementation Management Team:

- Gather and analyze tenant requirements
- Assess technical feasibility of requirements
- Communicate with tenants (Q&A, proposals, site coordination)
- Manage vendors
  - Explain requirements
  - Request and review quotations
  - Review technical documents
- Support EFO (fit-out construction for tenants)
- Lead vendor selection process
- Prepare project documentation
  - Weekly reports
  - Schedules
  - Meeting minutes

スキル・資格

■ Requirements

Must Have

- Experience in data center or IT infrastructure projects
- Project management or PMO experience
- Business-level English (spoken & written)
- Vendor management experience

Nice to Have

- Experience in global / multinational environments
- Knowledge of construction or facility management
- Experience in data center fit-out (EFO)

■ Location

Inzai, Chiba (On-site at Data Center)
