## 募集要項

### ■ Job Title

#### Data Center Night Shift Operations Lead (BPO Setup)

### ■ Overview

We are seeking a Night Shift Operations Lead to establish and manage a data center operations team (20:00–08:00). This role goes beyond standard operations and focuses on leadership, team management, and operational design.

### ■ Responsibilities

- Lead night shift data center operations
- Oversee ticket handling, escort coordination, and call handling
- Train and develop team members (including junior staff)
- Manage handovers between day and night teams
- Handle incident response and decision-making
- Develop and maintain operational manuals
- Communicate with clients when necessary

### ■ Working Hours

20:00 – 08:00 (12-hour shift with breaks)

---

## スキル・資格

### ■ Requirements

- Experience in data center or IT infrastructure operations
- Experience working night shifts
- Team lead or supervisory experience
- Strong troubleshooting skills

### ■ Preferred Qualifications

- Business-level English (reading, writing, speaking)
- Experience in multinational environments
- Knowledge of ITIL or operational frameworks
- L2-level support experience

### ■ Ideal Candidate

- Able to work independently and lead operations
- Strong leadership and communication skills
- Capable of handling incidents calmly
- Interested in building a new operation from scratch

### ■ Why Join Us

- Lead a new BPO operation from the ground up
  - Take ownership of operational design and team building
  - Strong career growth into management roles
-
