募集要項

Job Title: Tax Manager

Location: Singapore - Central

Your New Company

Our client is a Japan-headquartered, publicly listed global business services organisation, with over 50 years of operating history and a strong reputation supporting multinational and enterprise clients through large-scale, mission-critical outsourcing and digital transformation engagements. The group operates across 25+ countries and regions, employing tens of thousands of professionals globally, with particularly strong delivery capabilities across Asia-Pacific.

The organization provides end-to-end customer experience, contact center, business process outsourcing, digital marketing, analytics, and e-commerce services, supporting both front-office and back-office operations. Its offering blends operational scale with proprietary digital and AI-enabled tools, enabling clients to improve service quality, optimize cost structures, and support regional or global expansion

Your New Role

- Lead and take full ownership of tax compliance, statutory reporting, and tax advisory matters for Thailand and Indonesia.
- Drive BEPS 2.0 (Pillar Two) readiness, covering impact assessment, stakeholder coordination, and end-to-end implementation.
- Oversee transfer pricing frameworks, including policy design, documentation, and alignment with local regulatory requirements.
- Serve as the primary tax liaison for Japan headquarters and external tax advisors on regional matters.
- Identify and manage tax risks, implement mitigation measures, and ensure readiness for audits while supporting tax optimization initiatives.
- Ensure local tax practices are aligned with Group policies and global tax strategy.
- Support monthly monitoring and review discussions, providing clear financial and tax insights for regional subsidiaries.

Key Qualifications for Success

- Bachelor's degree in Accounting, Finance, Taxation, or a related discipline; professional qualifications such as CPA, CTA, or equivalent are preferred.
- 5+ years of relevant tax experience within a multinational or regional environment.
- Big 4 tax experience in Singapore is strongly preferred.
- Demonstrated ability to independently manage multi-country tax compliance and reporting.
- Hands-on experience across corporate income tax, VAT/GST, withholding tax, and transfer pricing.
- Practical exposure to BEPS 2.0 / Pillar Two implementation is an added advantage.
- Prior interaction with Japan headquarters and/or familiarity with Japanese tax regulations is highly desirable.
- Japanese language proficiency is a plus but not mandatory.
- Strong analytical skills, high attention to detail, and effective stakeholder management and communication abilities.
- Open to Singaporeans and Permanent Residents only.

Ready to Take the Next Step?

Interested applicants may submit their updated CV by clicking **APPLY NOW**. All applications will be reviewed and treated in strict confidence.

Do note that we will only be in touch if your application is shortlisted.
