##### Company Overview

Our client is a well-established multinational manufacturing organization operating across the APAC region, specializing in advanced moveable wall and space-separation solutions. The company supports multi-country operations with strong engineering, manufacturing, and commercial capabilities. As part of its regional finance leadership structure, the organization is seeking an experienced Finance & Controlling Manager to strengthen financial governance and business partnering across APAC.

##### Role Overview

The Finance & Controlling Manager is responsible for leading accounting, financial controlling, budgeting, and forecasting activities for the Moveable Walls segment in APAC. The role plays a key business partnering function, providing financial insights, ensuring compliance, and supporting strategic and operational decision-making across multiple markets.

## Key Responsibilities

- Organize and supervise accounting systems to ensure timely and accurate financial statements, management reports, and statutory accounts.
- Establish and maintain effective financial controlling structures and processes, implementing corrective actions when required.
- Provide financial insights related to cost optimization, risk management, and market orientation.
- Collaborate with business teams on local business strategies and operational plans, identifying financial priorities and opportunities.
- Support managers and directors in improving financial performance through KPI analysis, management data, benchmarking, and best practices.
- Lead business planning, budgeting, forecasting, and mid-term planning (MTP), including financial modeling, analysis, and commentary.
- Ensure compliance with applicable laws and regulations, including foreign currency financial reporting requirements in Malaysia and Australia.
- Oversee budgeting, cost control, and financial risk management activities for MW APAC.
- Oversee finance-related IT matters, including SAP and financial systems governance.
- Accounting & Reporting: Timely, accurate, and compliant financial accounts and reports
- Controlling & Compliance: Adherence to financial policies, controls, and regulatory standards
- Forecasting & Planning: Accurate forecasts, annual budgets, and mid-term plans (MTP)
- Risk Management: Early identification and mitigation of financial and operational risks
- Cost & Budget Management: Effective budgetary control and continuous cost optimization

## Job Requirements

- Bachelor's Degree, ACCA or related field.
- Minimum 15 years of experience in finance and controlling, preferably in a regional or multinational manufacturing environment.
- Strong expertise in accounting, controlling, budgeting, forecasting, and business partnering.
- Experience managing mid-term planning (MTP) and performance management processes.
- Solid understanding of compliance, including foreign currency reporting requirements.
- Hands-on experience with SAP and finance-related IT systems.
- Strong leadership, analytical, and stakeholder management skills.
- Ability to operate effectively in a multi-country APAC environment.
