募集要項

Position: Procurement Supervisor (Electrical Parts)

Salary: 40,000 – 50,000THB +/- (Negotiable)

Location: Ayutthaya

Our client is a well-known automotive parts manufacturer.

Key Responsibilities of the position:

- Create and implement strategies to optimize printed circuit board (PCB) design and production.
- Identify and evaluate new components for integration into PCB designs.

- Act as a liaison between Japanese or German designers and vendors to coordinate schedules and ensure timely drawing releases.
- Analyze PCB structures and perform detailed cost assessments to support decision-making.
- Lead negotiations with suppliers to achieve competitive pricing while maintaining quality standards.
- Develop and implement VA initiatives to reduce costs and improve efficiency.
- Manage supplier discussions during significant delivery challenges to minimize impact.
- Drive contingency planning, including promoting manufacturer substitution in cases of natural disasters, fires, or severe supply shortages.

Qualifications

- Education: Bachelor's degree in Accounting or a related field.
- Experience: 3 - 5 years of experience in electrical parts component procurement. (Preferable hands-on experience in PCB procurement)
- Computer Skills: Basic proficiency in Excel (Pivot Tables, VLOOKUP, etc.), PowerPoint, Word, and Power BI.
