募集要項

Company Overview

Our client is a MNC Manufacturer in Pasir Gudang looking for an IT Specialist.

Job Responsibilities:

- Lead and manage IT projects for the Malaysia manufacturing plant, including on-site IT operations.
- Assist in implementing and supporting group-level applications at the subsidiary level, including ERP, CRM, SRM, MES, OA systems, network infrastructure (Huawei devices), and office desktop environments.
- Conduct IT system training and provide technical support to users.
- Provide IT support for production-related systems and daily office IT operations at the plant.

- Collect, analyze, and resolve local IT needs and ensure a complete solution is delivered locally, in coordination with the headquarters IT team when needed.

Job Requirements:

- Bachelor's degree in Information Technology, Information Management, or related fields.
- Basic knowledge of ERP, CRM, SRM, MES, OA systems, network devices (especially Huawei), and office desktop systems.
- Familiar with SQL, Java, or other mainstream programming languages.
- Proficient in Windows, domain control, and Linux systems.
- Relevant work experience in IT and/or in a manufacturing environment.

Notice: By submitting an application for this position, you acknowledge and consent to the disclosure of your personal information to the Privacy Policy and Terms and Conditions, for the purpose of recruitment and candidate evaluation.
