募集要項

Our client, a leading innovation-driven agritech company based in Penang, is seeking a RTR Specialist that play a key role in ensuring high-quality financial reporting and maintaining a strong "in control" environment.

Job Responsibilities:

- Process journal entries, allocations, and intercompany transactions
- Perform balance sheet reconciliations and support period-end closing activities
- Support intercompany accounting and contribute to consolidation processes
- Prepare and review general ledger account reconciliations
- Take responsibility for period-end close processes, including management adjustments

- Support internal control testing and provide support during internal and external audits
- Prepare (group) financial statements in line with statutory and group accounting standards
- Manage and reconcile fixed assets, including asset creation and movements
- Support cost center and general ledger reviews, including analysis of trial balances and financial statements
- Contribute to a strong control environment by maintaining and improving administrative procedures and implementation, updating and maintenance of internal control frameworks.

Job Requirements:

- Bachelor's degree in accounting, Finance or a related field, with 3 to 5 years of relevant experience
- Strong understanding of accounting principles and general ledger processes;
- Experience with Record-to-Report processes and awareness of related end-to end finance cycles (e.g. Order to Cash, Purchase to Pay)
- Experience with ERP systems (e.g. D365) and strong Excel skills;
- Knowledge of statutory reporting and group accounting principles (preferred);
- Experience supporting audits and working with internal control frameworks;
- Strong analytical skills, attention to detail and a structured way of working;
- Ability to work independently and manage multiple priorities;
- Strong communication and stakeholder management skills with the ability to collaborate with multiple departments, also outside Malaysia
