#### 募集要項

Our client, a **leading Japanese automotive systems manufacturer**, is seeking a PPIC Staff with Japanese language skills to support production planning and inventory control operations.

#### Key Responsibilities

- Plan and control production schedules to meet customer requirements
- Manage inventory levels and material requirements planning (MRP)
- Coordinate with production, purchasing, and warehouse teams
- Communicate with Japanese management and suppliers regarding production plans
- Monitor and analyze production capacity and material availability
- Prepare PPIC reports and documentation in Japanese and Indonesian
- Ensure timely delivery and optimize inventory turnover

#### Requirements

Minimum Diploma (D3) or Bachelor's degree (S1) in Industrial Engineering, Management, or related field  
Minimum 2 years of experience in PPIC or production planning  
Japanese language proficiency (JLPT N3 preferred or conversational Japanese)  
Strong understanding of production planning, inventory management, and MRP systems  
Proficient in MS Office, especially Excel  
Good analytical and problem-solving skills  
Excellent communication and coordination abilities
