募集要項

Overview
Our client is an asset management firm and is seeking a highly analytical and detail-oriented Corporate Planning professional to support group-level reporting and business performance monitoring across multiple entities. This role will work closely with senior stakeholders to translate financial and operational data into actionable insights.

Job Descriptions

- Oversee reporting across three business entities, consolidating and analysing key financial and operational data for reporting to headquarters
- Prepare clear, structured reports by translating complex financial and business performance data into actionable insights for management

- Conduct in-depth analysis of financial and operational performance, identifying trends, risks, and opportunities
- Collaborate with internal stakeholders to gather, validate, and interpret data to support business decision-making
- Support corporate governance processes, including preparation of materials and documentation for Board of Directors meetings
- Assist in streamlining reporting processes and enhancing data accuracy and transparency

Job Requirements:

- Strong numerical and analytical capabilities, with a high level of proficiency in Excel (mandatory) and PowerPoint
- Proven experience in financial analysis, corporate planning, or management reporting
- Ability to work with large datasets and present insights in a clear and structured manner
- Experience supporting board processes or preparing management materials is advantageous

We regret to inform that only shortlisted candidates will be notified.

Appreciate your understanding. Candidates require visa need not to apply.
