Project Manager業務

スキル・資格

Qualifications (Minimum Required):

- University/college degree (life science preferred) or certification in a related allied health profession (i.e. nursing medical or laboratory technology) from an appropriately accredited institution.
- Fortrea may consider relevant and equivalent experience in lieu of educational requirements.

Experience (Minimum Required) :

- Minimum of seven (7) years of relevant clinical research experience in a pharmaceutical company/CRO including at least two (2) years of full project management responsibility.
- On the Job Experience:
 - Working knowledge of ICH Guidelines and GCP including international regulatory requirements for the conduct of clinical development programs.
 - Advanced computer skills (e.g. Microsoft Word Excel Project Access and Power Point) .
 - Experience managing projects in a matrix and virtual environment.
 - Excellent communication planning and organizational skills.
 - Demonstrated ability to lead by example and to encourage team members to seek solutions independently.
 - Demonstrated ability to handle multiple competing priorities and to utilize resources effectively.
 - Demonstrated ability to inspire effective teamwork and motivate staff within a matrix system.
 - Financial awareness and ability to actively utilize financial tracking systems.
 - Good knowledge of project management processes.
 - Ability to work independently and mentor junior project team members.
 - Ability to negotiate and liaise with clients in a professional manner.
 - Ability to present to staff at all levels.

Preferred Qualifications Include:

- Master's or other advanced degree
- PMP certification
