COMPANY OVERVIEW

A well-established technology services company delivering IT solutions, infrastructure support, and outsourced operational services. It works with clients across various sectors to enhance efficiency and strengthen digital capabilities.

This is an agency contract role (extendable/renewable)

JOB RESPONSIBILITIES

- Lead end-to-end delivery of cybersecurity projects and transformation initiatives.
- Manage project plans, timelines, budgets, risks, dependencies, and reporting.
- Coordinate with Security, IT, Risk, Compliance, vendors, and business stakeholders.
- Perform regulatory and security fit-gap assessments and track remediation activities.

- Drive initiatives related to privileged access management, security controls, and compliance improvements.
- Support network segmentation and security architecture enhancement programs.
- Facilitate governance forums, project reviews, and stakeholder updates.
- Monitor project milestones, vendor performance, and resource utilization to ensure successful delivery.

JOB REQUIREMENTS

- Degree in IT, Cybersecurity, Computer Science, or a related field.
- Atleast 7 years of experience in Project/Program Management for technology or cybersecurity initiatives.
- Hands on with delivering projects within banking, financial services, or regulated environments.
- Strong stakeholder management, communication, governance, risk, and budget management skills.
- Experience conducting regulatory, compliance, and security gap assessments.
- Good understanding of IAM, PAM, SOC, Cloud Security, Vulnerability Management, and Network Security.
- Exposure to cybersecurity platforms such as CyberArk, SailPoint, and Splunk.
