募集要項

Position: Service Engineer

Location: Phatumwan district, Bangkok

Product: Electron Microscopes, Spectrometer

Responsibilities:

- Install, commission, and verify equipment performance at customer sites.
- Perform preventive maintenance and scheduled service visits.
- Troubleshoot, diagnose, and repair equipment issues.
- Provide technical support and training to customers and end users.
- Travel to customer sites to resolve technical problems and support service activities.
- Complete service reports and maintain technical documentation.
- Build strong relationships with customers and internal teams.
- Provide feedback on product performance, quality issues, and system improvements.
- Act as a technical resource and support training activities when required.

Requirements:

- Bachelor's degree in Engineering, Mechanical, Electrical and Electronics
- Experience in Service Engineer, Field Service, Laboratory Equipment, Medical

Devices, or Scientific Instruments.

- Basic knowledge of electronics, electrical, or mechanical systems.
- Strong troubleshooting and problem-solving skills.
- Good communication and customer service skills.
- Able to travel frequently for customer site visits.
- Good command of English.
