募集要項

A leading **medical company** is seeking an experienced **Legal Counsel** to join its growing legal team in Japan.

This is a newly created role within the legal team of a **medical** company with a long-established presence and strong brand recognition in Japan. You will join an experienced legal team supporting the company's product lines in the Japan market, working across English and Japanese in a diverse, international environment. The company is on a strong growth trajectory and is expanding its legal function to keep pace with increasing market share and regulatory demands.

This role suits a legal professional who wants broad, hands-on exposure across regulatory, commercial, and corporate matters — rather than a narrow specialist track — within a well-known medical/healthcare brand environment.

We are looking for a lawyer with:

- At least 6 years of experience in the legal department of a major corporation
- Broad working knowledge of Japanese corporate law
- Business-level English and native-level Japanese, written and spoken
- Previous experience in the medical sector is an advantage

Key Responsibilities

- Review, draft and amend a wide range of legal documents, including distribution agreements, vendor contracts, and licensing arrangements
- Advise on regulatory compliance matters relevant to medical devices/pharmaceuticals, including PMDA-related requirements
- Provide cross-departmental legal advice on commercial agreements, marketing materials, and clinical/business partnerships
- Monitor changes in Japanese healthcare and pharmaceutical regulations and ensure internal alignment
- Manage corporate documentation and registration across all group companies, ensuring compliance with internal and external guidelines
- Support the legal team on ad hoc projects as the business scales in Japan

Why Consider This Opportunity?

- Newly created role offering visibility and the chance to help shape legal processes from an early stage
- Broad scope across regulatory, commercial and corporate matters — ideal for building well-rounded in-house experience
- Join a recognized, stable global brand with a long track record in the Japan healthcare market
- Flexible working style, including remote work and flex time
- Supportive team environment working alongside experienced legal colleagues
- Meaningful work supporting products that impact patient care and healthcare outcomes in Japan

This is one of several exclusive legal opportunities we're currently handling in Tokyo and the nearby areas. For a confidential conversation about this role or others, reach out to Nate directly at nate@alberto-recruitment.com or call 080-7456-5089.
