募集要項

Position: Quality Assurance Manager (Textile Garment)

Salary: 70,000 – 100,000THB +/- (Negotiable)

Location: Samutprakarn

Our client is big brand manufacturing. (Textile and Garment product).

Key Responsibilities of the position:

- Regional Quality Management
- Oversee and standardize quality management systems across multiple manufacturing sites within Thailand and the regional network.

- Ensure alignment of quality standards, inspection procedures, and best practices across all factories.
- Conduct regular factory audits and quality reviews to monitor compliance and performance.
- Collaborate with regional manufacturing and quality teams to resolve critical quality issues and drive continuous improvement initiatives.
- Support new factory onboarding, quality certification programs, and supplier development across regional operations.
- Analyze and consolidate quality performance data from multiple sites and provide recommendations to senior management.
- Production & Process Quality Control
- Lead quality inspections for incoming materials, in-process production, and final product audits.
- Analyze quality performance indicators and identify areas for improvement.
- Investigate product defects, customer complaints, and quality issues, implementing corrective and preventive actions (CAPA).
- Collaborate with Production, Merchandising, Technical, and Supply Chain teams to resolve quality-related concerns.
- Cost & Efficiency Management
- Monitor and control production costs (labor, materials, chemical usage)
- Implement lean manufacturing, Six Sigma, or continuous improvement initiatives
- Optimize line balancing and capacity utilization
- Audit & Compliance
- Coordinate internal and external quality audits.
- Ensure compliance with brand requirements, social compliance standards, and manufacturing best practices.
- Lead supplier quality evaluations and improvement programs.
-

Qualifications

- Bachelor's Degree in Textile Engineering, Industrial Engineering, Garment Technology, Manufacturing Engineering, or related fields.
- Minimum 6+ years of experience in Quality Assurance/Quality Control within Textile, Garment, Apparel, or Fashion Manufacturing industries.
- Strong knowledge of textile and garment manufacturing processes, quality inspection standards, and testing requirements.
- Good communication skills in English and Thai.
- Able to use Japanese language JLPT N3 ++
