募集要項

Company Overview: One of the leading Japanese construction company having industrial projects in PAN India location.

Job Overview: Looking for land surveyors having strong experience working at construction sites for industrial projects.

Job Responsibilities:

- Understand safety norms applicable at construction site.
- Conduct contour survey of plot.
- Operate/handle Total Station, Theodolite, and Level Machine.
- Basic knowledge of CAD for making reports, etc.
- Erection/fixing of bolts, pockets, and inserts with ± 2 mm accuracy.
- Supervise and provide guidance to site staff.

- Make as-built level reports for floors.
- Knowledge of survey software is desirable.

Job Requirements:

- ITI/Diploma in Civil with 5 - 7 years' experience in the construction industry with 4+ years into industrial projects.
- Must be willing to work at site.
- Aware of operation of Total Station and advanced survey equipment.
- Familiarity with basic surveying operations and willingness to learn advanced tools.
