募集要項

Position: Field Service Engineer (Chinese Speaking)
Location: Bangkok
Product: Machinery Service and Solution

Responsibilities:
- Install and commission corrugated production equipment at customer sites.
- Troubleshoot and resolve mechanical issues to ensure smooth machine operation.
- Perform preventive maintenance and corrective maintenance activities.
- Provide technical support and after-sales service to customers.
- Communicate and support customers in Chinese, Thai, and English.
- Prepare service reports and maintain service documentation.
- Coordinate with internal teams and customers to ensure project success.
- Travel to customer sites as required.

Requirements:
- Bachelor's Degree in Mechanical Engineering or a related field.
- At least 3 years of experience in Mechanical Service Engineering, Field Service Engineering, Field Application Engineering, or related positions.

- Business-level Chinese communication skills.
- Good command of Thai and English.
- Strong mechanical troubleshooting and problem-solving skills.
- Good understanding of Chinese culture and experience working with Chinese customers.
- Able to travel frequently and work independently.
- Valid driving license is preferred.
