募集要項

Position: Application CNC Engineer

Salary: 60,000 – 70,000 THB

Location: Bangkok

Key Responsibilities:

- Install and commission CNC machine measurement and monitoring systems.
- Perform machine retrofit, upgrade, and integration projects at customer sites.
- Configure and troubleshoot CNC controls, PLC interfaces, and machine parameters.

- Support CNC programming, including G-code, M-code, and macro functions.
- Install and integrate probes, tool setters, sensors, and monitoring devices.
- Provide technical troubleshooting for mechanical, electrical, control, and software issues.
- Deliver customer training, technical support, and project documentation.

Qualifications:

- Bachelor's Degree in Electrical Engineering, Mechatronics Engineering, Mechanical Engineering, Automation Engineering, or related fields.
- Minimum 3-5 years of hands-on experience with CNC machining centers and/or turning centers.
- Experience in machine commissioning, retrofit, maintenance, service, or application engineering is preferred.
- Strong knowledge of CNC machine operations and troubleshooting.
