- Advise on IT governance, management standards, and compliance requirements.
- Support regional implementation of global IT and digital initiatives.
- Deliver IT management training and conduct IT due diligence activities.
- Assist with post-merger IT integration projects.

- Provide guidance on IT strategy, infrastructure, business applications, and resource planning.
- Coordinate stakeholders and facilitate communication across business units.

Required Qualifications & Skills

- Bachelor's degree in IT or a related field (preferred).
- Project management certifications such as PRINCE2 or PMP are advantageous.
- Strong IT coordination, communication, and stakeholder management skills.
- Solid understanding of:
 - Networks
 - Servers
 - Virtualization
 - Security
 - Active Directory
 - Enterprise applications
- Advanced project management capabilities.
- Excellent spoken and written English.
- Advanced Microsoft Office skills, particularly Excel.
- Knowledge of IT frameworks and regulations such as:
 - ISO 27001
 - GDPR
 - NIST
 - COBIT
 - TOGAF
 - ITIL
 - SOX
 - PCI-DSS

Preferred Experience

- Project coordination and project management experience.
- ERP implementation and management experience, especially SAP or Microsoft Dynamics.
- IT audit experience.
- Accounting knowledge or experience.
- Professional network within the UK IT industry.

Personal Attributes

- Proactive, flexible, and approachable.
- Strong attention to detail.
- Ability to work effectively under tight deadlines.

- Excellent communication and interpersonal skills.
- Willingness to travel frequently within Europe and occasionally to other regions.

We regret to inform applicants that only shortlisted candidates will be notified. Thank you for your understanding
