募集要項

Company and Job Overview
JAC's client is a Japanese company in Apparel industry hiring Technical Coordinator (Quality Control & Pattern Coordination)

Job Responsibilities

- Interpret specification sheets and coordinate the development of garment patterns and production processes.
- Verify finished garments against patterns and specification sheets to ensure product quality and compliance with standards.
- Communicate and coordinate with our Japanese Pattern Making Specialists.
- Act as a liaison between the Japan team and manufacturing factories in Vietnam.
- Report directly to the Director (Japanese).

Job Requirements

- Ability to communicate and correspond via email in Japanese.
- Experience in quality control within the garment or fashion industry.
- Minimum 5 years of experience working with woven garment products.
- Experience with premium or high-end fashion products is an advantage.
