Company Overview

The company operates in the Electronic Manufacturing industry and is committed to maintaining efficient supply chain operations, quality standards, and continuous improvement initiatives. The Planner plays a key role in supporting procurement activities, vendor management, and cost optimization to achieve business objectives.

Key Responsibilities

- Establish and maintain effective supply chain management processes to ensure vendors meet company and departmental objectives.
- Continuously review high-value items and collaborate with vendors on quarterly cost reduction initiatives.

- Ensure all Purchase Orders (POs) are issued to vendors accurately and on time.
- Generate procurement and planning reports for management review and decision-making.
- Verify and reconcile invoice values against purchased values for accuracy and compliance.
- Monitor vendor performance and support continuous improvement in procurement and supply chain activities.

Job Requirements

- Degree or Diploma in Electrical/Electronic Engineering.
- Minimum 3 years of experience in an Electronic Manufacturing environment.
- Strong planning, organizing, and controlling skills.
- Good communication and interpersonal skills.
- Knowledge of ISO 9001 and ISO 14001 standards will be an advantage.
- Ability to work effectively with vendors and internal stakeholders.
- Strong analytical skills and attention to detail.
