募集要項

Our client, MNC Manufacturing Based Company, looking for suitable candidates

JOB RESPONSIBILITIES

- Manage and execute the solution selling model and engage other members of the Sales Organization where necessary to ensure success. Both locally and globally.
- Execute all phases of the Order Creation process including creating demand for SPIROL products, lead response & qualification, initiating engineering reviews, determine pricing & supply terms, and generating technical reports & proposals.
- Create and execute objectives, strategies, and tactics for successful project closure.

- Perform Annual Business Reviews for existing customers, taking action where conditions necessitate changes in the terms of supply

JOB REQUIREMENTS

- Minimum degree in Engineering.
- Excellent organizational skills, attention to detail, and the ability to prioritize multiple functions to meet required deadlines while maintaining the highest level of quality and accuracy
