Our client is global company in Automotive industry. They are looking for potential candidate who can fulfil their requirement as following;

Position : Logistics Supervisor

Location : Pluakdaeng, Rayong

Business Type : Automotive

Working day : Mon – Fri (08.00-17.30)

Benefit :

- Salary Total Package as 40,000 – 50,000 THB/ month
- Bonus

- Provident fund
- Group insurance
- Housing Allowance
- Meal Allowance
- Diligent Allowance

Qualifications:

- Bachelor's degree in Logistics, Supply Chain Management, Business Administration, or a related field.
- Minimum 5 years of experience in logistics, distribution, warehousing, or supply chain operations, preferably within the automotive manufacturing industry.
- Hands-on experience managing OEM customer delivery requirements and schedules is highly preferred.
- Strong understanding of delivery planning, inventory management, transportation coordination, and logistics processes.
- Proven leadership capabilities with excellent problem-solving, analytical, and cross-functional collaboration skills.
- Good command of spoken and written English; proficiency in Chinese will be considered an advantage.
- Experience working with SAP, ERP systems, or other supply chain management software is preferred.

Job description

- Oversee and manage end-to-end delivery operations to ensure products are delivered to customers accurately and on schedule.
- Collaborate closely with Production, Planning, Warehouse, Logistics, Quality Assurance, and Sales teams to meet customer delivery requirements and business objectives.
- Monitor customer orders, delivery plans, inventory levels, and shipment progress to ensure efficient and seamless operations.
- Investigate, address, and resolve delivery-related issues, including shipment delays, shortages, discrepancies, and customer complaints.
- Establish, track, and analyze key delivery performance indicators (KPIs), including On-Time Delivery (OTD), delivery accuracy, and logistics efficiency.
- Coordinate with logistics service providers, transportation partners, and suppliers to ensure smooth and cost-effective distribution activities.
- Analyze operational challenges and implement corrective and preventive actions (CAPA) to continuously improve delivery performance.
- Ensure compliance with company policies, customer requirements, industry standards, and applicable transportation and logistics regulations.
- Lead, coach, and develop the logistics and delivery team to enhance operational excellence, productivity, and employee performance.
