募集要項

Company Overview

A company in the information technology field is hiring for a Japanese Speaking Global IT Strategy Manager position.

Responsibilities

- Develop mid- to long-term global IT strategies across applications, infrastructure, and security.
- Align IT strategy with business goals and create actionable roadmaps.
- Establish IT governance, standards, and processes across regions.
- Lead global IT projects, including planning, execution, and risk management.

- Coordinate with HQ, regional IT teams, vendors, and external partners.
- Report to leadership and support decision-making through clear analysis.
- Build strong relationships across global and local teams.
- Spend 3–12 months in Japan learning existing systems and operations and contributing to global IT improvements.

Qualifications

- 15+ years of IT experience, with expertise in applications, infrastructure, and/or security.
- Experience in IT strategy, planning, or large-scale/global projects.
- Strong project and leadership/management experience.
- Business-level Japanese and English.
- Experience working across countries and cultures.
- Knowledge of cloud, IT governance, and modern IT environments is a plus.
- Strong strategic thinking with the ability to drive execution.
- Willingness to work in Japan for the initial training period.
