募集要項

Position: Project Manager (Product Development & Engineering) Location: **Laem Chabang, Chonburi**

Budget: Total package 65,000 - 80,000 THB/Month

Key Responsibilities

- Manage overall project planning, execution, monitoring, and control to achieve project objectives from QCD perspectives.
- Monitor project progress and follow up on open issues to ensure timely completion.
- Report project status, risks, issues, and countermeasures to top management and escalate critical matters when necessary.
- Coordinate project activities among cross-functional teams and stakeholders.
- Lead project reviews, approval processes, and lessons-learned activities.
- Drive continuous improvement and work-efficiency enhancement projects, including IT-related initiatives.

- Support decision-making through effective reporting, analysis, and stakeholder communication.

Qualifications

- Bachelor's Degree in Engineering or a related field.
- Minimum **5 years of experience in Project Management** or related project leadership roles.
- Proven experience managing **cross-functional projects** involving multiple departments.
- Proficiency in Microsoft Office, especially **Excel** and **PowerPoint**.
- Good communication skills in both **Thai and English**.

Preferred

- Experience in **Manufacturing, R&D, HVAC, Home Appliances, or Product Development** environments.
- Understanding of product development processes, design reviews, prototype evaluation, and mass production preparation.
- Basic knowledge of IT and digitalization tools.
