募集要項

Location
Hanoi, Vietnam

Company Overview
A consulting firm specializing in business transformation, operational excellence, and digital innovation, helping organizations enhance performance and achieve sustainable growth.

Job Responsibilities

- Evaluate organizational objectives, business priorities, and financial operations to support transformation initiatives.

- Assess and redesign finance and accounting processes, including:
  o Accounts Payable
  o Accounts Receivable
  o Fixed Assets
  o Financial Close & Reconciliation
  o Financial Reporting
  o Cost Accounting
  o Budget Management
  o Financial Consolidation
- Identify process inefficiencies and develop recommendations to enhance productivity, accuracy, and reporting effectiveness.
- Design management accounting frameworks, performance measurement systems, and business KPIs.
- Analyze profitability, cost structures, and operational performance to support strategic decision-making.
- Gather business requirements and support finance technology transformation projects, including ERP and automation initiatives.
- Participate in solution evaluation, implementation planning, and business case development for digital finance investments.
- Conduct business issue assessments and propose practical improvement opportunities with measurable business impact.
- Collaborate with clients and internal stakeholders to deliver consulting engagements and project outcomes.
- Support project execution activities, including planning, resource coordination, progress tracking, and deliverable preparation.
- Contribute to client presentations, workshops, and transformation roadmaps.

Job Requirements

- Bachelor's degree in Finance, Accounting, Business Administration, Economics, or a related discipline.
- 2–3 years of experience in financial consulting, accounting process improvement, business analysis, auditing, or finance transformation projects.
- Strong understanding of finance and accounting workflows and internal business operations.
- Experience documenting and mapping business processes using process flow methodologies.
- Analytical mindset with strong problem-solving and critical-thinking capabilities.
- Excellent communication, stakeholder management, and teamwork skills.
- Ability to manage multiple priorities in a consulting environment.
- Professional working proficiency in English.
- High level of self-motivation with a strong interest in developing a consulting career within finance transformation.
- Experience participating in finance process review or optimization projects is preferred.

Preferred Qualifications

- Basic Japanese language skills (written and verbal).
- Familiarity with process modeling or business process management tools.
- Exposure to process benchmarking, operational excellence, or continuous improvement initiatives.
- Knowledge of ERP systems, automation technologies, or digital finance solutions is advantageous.

Benefits

- Attractive salary and comprehensive benefits package.
- Performance-based bonus and annual salary review.
- Opportunity to work on regional and multinational transformation projects.
- Structured learning and professional development programs.
- Clear career progression within a growing consulting practice.
- Exposure to finance transformation, digital innovation, and emerging technologies.
- Collaborative, multicultural, and professional working environment.
- Health insurance and employee wellbeing programs.
- Annual leave and company-sponsored team engagement activities.

Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
