募集要項

Job Title: CNC Operator

Location: Pathum Thani (Industrial area)

Job Type: Full-time, Monday – Friday from 08:30 to 17:30 (Alternative Saturday after probation)

Industry: Manufacture / transparent plastic injection for automotive

Requirements:

- Minimum 2-3 years of experience in mechanical machining/manufacturing operations or related functions.
- Hands-on experience with CNC programming.
- Ability to read and understand mechanical drawings and technical specifications.

- Knowledge in cutting tool selection and fixture/jig design.
- Familiar with MAZAK Machine will be an advantage.
- Experience with process improvement and cycle time reduction will be an advantage.
- Experience in supporting new product introduction (NPI), prototyping, and mass production will be an advantage.
- Ability to work independently and under pressure will be an advantage.

Responsibilities:

- Read and understand product drawings (aluminum die-cast parts) to determine appropriate machining methods and processes.
- Create, modify, and optimize machining programs for CNC Lathes and Compact Machining Centers.
- Select suitable cutting tools, including drills, end mills, reamers, taps, and other machining tools according to product specifications.
- Design machining fixtures and jigs to ensure production efficiency, dimensional accuracy, and process stability.
- Optimize machining conditions and drive continuous improvement activities to enhance productivity and quality.
- Support machining process setup and validation from prototype stage through mass production.
- Verify machining quality and dimensional accuracy, investigate processing issues, and implement corrective actions.
- Other tasks as assigned by Manager.

Benefits:

- Annual Bonus (depends on company's profit)
- Transportation Allowance: 2,000 THB
- Meal Allowance: 800 THB
- Annual Leaves and Holidays
- Health Insurance
- Accident Insurance
- Medical Health Check-up
- Company Party
- Other benefits depend on company's policy
