Are you an experienced HR Operations professional looking to advance your career in Japan's financial services industry? Join a global financial services firm in Tokyo and take the lead in managing local HR operations, payroll administration, employee relations, and regulatory compliance.

As the HR Operations Lead for Japan, you will oversee essential HR functions, including payroll processing, compensation and benefits administration, HR information systems (HRIS), and employee lifecycle management. Working closely with regional HR teams and business stakeholders, you will ensure efficient HR service delivery while maintaining compliance with Japanese labour laws and internal policies.

This opportunity is ideal for a bilingual HR professional with strong expertise in Japanese payroll, labour regulations, and HR operations, seeking a leadership role in an international financial services environment that offers hybrid working arrangements and excellent work-life balance.

Key Responsibilities

- HR Operations & Payroll Management: Oversee end-to-end payroll processing, tax administration, social insurance procedures, employee benefits, and HR documentation, ensuring accuracy, timely delivery, and compliance with Japanese regulations.
- HRIS & HR Reporting: Maintain accurate employee records and HR information systems, prepare management reports and HR analytics, and ensure data integrity, confidentiality, and effective information management.
- Employee Lifecycle Management: Manage onboarding and offboarding processes, employment contracts, work permits, background checks, and employee-related administrative procedures.
- Employee Relations & Labour Law Compliance: Serve as the primary contact for employee HR inquiries, provide guidance on Japanese employment legislation and HR policies, and ensure compliance with internal standards and regulatory requirements.
- Vendor & Stakeholder Management: Manage relationships with external HR service providers, monitor service quality and costs, and collaborate with regional HR teams and local business stakeholders.
- HR Process Improvement & Regional Projects: Review and optimize HR workflows, strengthen operational controls, and contribute to regional HR transformation initiatives and cross-functional projects.
- Recruitment & Learning and Development Support: Coordinate local recruitment administration and support employee training, professional development programs, and related HR activities.
