募集要項

Innovative start-up company is looking for a project manager with very strong leadership skills. They are making a virtual world platform similar to Second Life and have a multicultural team of highly skilled software engineers. Western style working atmosphere - similar to Silicon Valley start-up. English is the main language used in the office. You will interface with a few customers in Japan and possibly some in the US and other countries. This is an outstanding opportunity for an enthusiastic leader who wants to work on future technology. STRONG LEADERSHIP is the most important criterion. Excellent compensation package available.

スキル・資格

- A minimum of 5 years of experience in software development. - An expert in any modern language. e.g., C, C++, C#, Java, etc. - Good understanding and preferably some experience of agile project management methodologies. - Excellent communication skills to drive technical decisions. - Fluent written and spoken English and Japanese. - Good level leadership, relationship-building, organization, and team building skills.

会社説明

Propel Consulting is an Executive Search Company based in Tokyo. We specialise in providing international businesses with bilingual executives and mid-level professionals. Our team of experienced consultants collaborate to identify and service the unique needs of candidates and clients across a wide range of industries. We achieve excellence by developing creative solutions that utilise our broad-reaching networks, technology based tools and relevant expertise. Our innovative approach ensures that we can introduce the best candidates to our clients and the best opportunities to our candidates. We have helped numerous professionals to join some of the leading international companies in Japan. Our experience enables us to provide candidates with the best opportunities available in their industry. We will also provide help and support throughout the entire process including: interview advice, resume tips, compensation negotiation and helping you to resign from your present position.
