## 会社説明

**Wipro** has been a leading provider of IT consulting, system integration and outsourcing solutions in Japan, having started operations in 1998. Japan is part of Wipro's Growth Markets portfolio and our success here has been a result of our sharp focus on select industry sectors, strong track record of successful execution and the ability to deliver integrated solutions across various technologies, skill sets and domains.

We are providing support to 40+ Japanese companies in their vision to globalize. Wipro brings its global domain expertise combined with years of local in-country knowledge to deliver solutions across IT product engineering and BPO across multiple technologies and in the emerging areas of Social Media, Mobility, Analytics and Cloud.

We have also built a Japan focused delivery framework called SHINRAI, which helps deliver complex IT transformational programs and product engineering solutions, while adhering to stringent quality norms and time lines. We have a strong local team of 150+ members in the region.

Wipro's Value Proposition for Japan - Helping customers globalize and adopt newer technologies to enhance competitiveness.

We help organizations in their globalization journey through our global expertise, collaboration and efficiency backed by a global delivery capability. Our in-depth knowledge of complex transformational projects and standardization of processes helps our customers enter new markets.

- Supporting companies in their goal of Globalization
- Enabling companies to Improve Profitability
- Delivering industry solutions across latest technology areas like Social Media, Mobility, Analytics, etc..
