### 募集要項

#### E-Commerce and other Internet Services - Systems Development projects

As a Project Manager, working with cross-cultural development teams, you'll drive projects from conception through planning and successful execution.

The skills you'll need:

- 2+ years of project management experience
- Success managing end-to-end Web-based product projects
- Knowledge, passion for and experience with Agile methodologies
- Technical knowledge: E.g. APIs, web application development and related technologies.
- High English Proficiency (Japanese at an Intermediate level or above is preferred)

#### Role Description:

- Plan project timeline and drive team progress accordingly
- Manage all the Scrum and Agile ceremonies
- Coordinate internal/external teams to ensure that all projects are delivered on time within scope and budget
- Communicate proactively; manage stakeholder expectations and enable informed decisions by continuously producing output
- Manage team member roles, scope, time, cost, quality, risk, procurement, stakeholders and communication by applying appropriate project management techniques
- Create and maintain comprehensive project documentation
- Negotiate and obtain agreement on changes to scope, schedule and budget through the organization's change management process
- Facilitate meetings efficiently, and create and distribute meetings minutes as needed

---

#### 会社説明

EIRE Systems is a leading independent provider of professional IT services to the financial, insurance and multinational sectors in Japan and throughout the Asia Pacific region. EIRE Systems has expertise across a wide spectrum of Information Technologies, with a track record for successfully completing hundreds of projects and IT services assignments since its establishment in 1996.

We provide professional IT services, both project-based and ongoing operational support, in two main areas:

1. IT Services
2. Project Management

EIRE Systems provides a wide-range of career choices for internationally-minded technology and support professionals. From the company's small beginnings, EIRE Systems continues to increase its local, regional and global expertise. We have established offices in Tokyo, Hong Kong, Singapore and Shanghai and are reaching further as we grow our presence throughout the Asia-Pacific region.

「エイラシステム株式会社」は、1996年、アイルランド出身の2人により日本で設立されました。東京・シンガポール・香港・上海を拠点に、主に外資系企業に様々なITサービスを提供。プロジェクトと継続的なサポートの2つの領域において、ITサービスを展開しています。

#### 1. ITサービス

- オンサイトコンサルティング
- オンコール & リモートサポート
- マネージドサービス

#### 2. プロジェクトマネジメント

- ITインフラストラクチャープロジェクトマネジメント
- 移転プロジェクトマネジメント
- 戦略分析
- 事業継続プランニング及び災害復旧

エイラシステムでは幅広いITキャリアを選択いただけます。  
少人数による創立からスタートし、拡大・成長し続けています。
