[Business content / company]

Big Japanese IT Ecommerce Company

[Job Description]

Senior J2EE/Java EE developer

You will be responsible for the development of APIs that support the shopping cart system and other services that enhance the convenience of online stores. You will be responsible for a wide range of tasks from design and development to operation, including implementing various company development and operation projects, resolving technical issues, and troubleshooting for your assigned services.

[Hours]

Mon-Fri 9:00-17:30

[Salary]

3000円～ *Depends on skills and experience

スキル・資格

[Qualifications.]

- At least 3-5 years of Java EE development experience
- Intermediate level of English (TOEIC 600 or above)
- Experience developing Web APIs using RESTful/SOAP technology
- Experience in operating large scale online systems and handling failures
- Expert knowledge of software development lifecycle. Expertise in software development lifecycle, including code standards, code reviews, source code management, build process, testing, operations, etc.
- Self-motivated, able to design and develop high-performance, reliable and maintainable code

[Preferred Skills]

- Experience in design and development using RDB/KVS/NoSQL
 - Experience using Spring Framework
 - Experience with Tomcat / Glassfish / WebLogic development and operation
 - Experience in development using container technologies such as Docker
-

会社説明

About en world

en world is a group of recruiting consultancies specialising in professional and managerial roles. Operating from 7 countries, we support global companies' recruitment needs through our Asia Pacific network.

About en world Japan

en world Japan supports globally-renowned international and Japanese companies to hire professionals and managers. Our recruitment consultants specialise across both function and industry resulting in deep market knowledge and focused search results.

en world Japan was founded in 1999, operating as Wall Street Associates and specialising in financial services recruiting. We expanded our coverage and service in response to our customer needs. In 2010 we became a group company of en-japan inc., a leading internet-based provider of recruitment services in Japan.

en world Japan K.K.
