募集要項

We are looking for a motivated young enthusiast to join our growing team. Our projects include an **ERP software consultation** for Japanese clients, which requires you to be a communication bridge between the clients; their offices abroad; and overseas vendors. The right candidate has business level proficiency in Japanese and English, but more importantly, an ambitious mind to grow together with our company. By joining our team, you will first be assigned to an ERP consultation project, however, other project ideas are also welcome to be suggested and can be pursued by you. Anyone with great passion to learn is welcome to apply.

(Salary: 3,500,000~6,500,000 yen, depending on your experience and language proficiency)

Responsibilities - ERP Consultation project

- Communicate with clients and project team to grasp the clients' business and needs – both those of operational and technical.
- Draw and develop requirements for the customization and implementation of ERP system (currently, Microsoft's ERP package systems: D365 for Finance and Operations, Dynamics AX).
- Provide support for users during and after implementation of ERP system
- Travel to client offices abroad (Asia and other regions)*
*Please be noted that due to the COVID-19 situation, all the overseas trips are being shifted to the web-based, remote sessions.

What we offer

- Great learning experience of consultation and ERP system
- Business management opportunity
- Independence and a lack of bureaucracy
- Competitive salary and compensation to meet your commitment
- Complete social insurance package

スキル・資格

Requirements

- Bilingual in Japanese and English (both business level)
- Any IT or consultation background
- Strong interpersonal communication skills, both verbal and written

Nice-to have

- Previous ERP software or other software implementation experience
- Knowledge of accounting, supply chain, or manufacturing
- Highly collaborative in team and in multicultural environment
- Passion for successful user experience
- Analytical and problem-solving capabilities
- Willingness to travel abroad (During project execution, 1 week/month)

会社説明

NIC Global Solutions Inc. is composed of (literally) a handful of employees who are passionate about finding solutions and solving problems for our clients. Our Microsoft Dynamics AX implementation business covers all industries and countries. We believe in efficiency (also called being flexible), and each individual voice is valued and defines the company's direction. Our office is conveniently located a few steps away from Kyobashi Station, at the heart of Tokyo.
